

Premium, quiet, and built to last

Experience the superior simplicity of the VP700 vacuum. Its premium cleaning performance combines powerful, energy-efficient suction with whisper-quiet operation—designed to keep your workspace productive and comfortable, without interruption.

Maximized productivity. Leading capacity

Maximize cleaning efficiency with industry-leading capacity that cuts downtime, reduces consumable costs, and delivers greater value—helping your team work faster and smarter.

Top features and benefits include:

- Modernized design — delivers strong suction with minimal noise, creating a productive and disruption-free environment
- Top-tier capacity — 50% more net fill vs VP300 means fewer bag changes, less downtime, and smarter, more economical operation
- Provides enhanced performance and superior total cost of ownership for optimal value and efficiency
- Ergonomic locking handle — improves comfort, control, and reduces strain during use and transport
- Detachable cord with cord park — for quick setup, tangle-free storage, longer cord life, and less downtime in busy spaces
- Optimized airflow via conical hose — improves energy efficiency and suction while reducing blockages, ensuring consistent performance and less maintenance
- Tool-free HEPA filter access (on select models) simplifies maintenance and ensures high-performance air filtration
- Color-coded touchpoints streamline training and daily use with intuitive, easy-to-identify controls — perfect for frequent staff turnover
- Protective machine bumper and tube parking prevent damage to walls, furniture, and the machine — ideal for high-traffic areas and close-quarters cleaning
